

## Compounding wealth via multiple return sources to deliver superior risk-adjusted investment outcomes

<b>Investment objective</b>	Deliver superior risk-adjusted investment outcomes over the medium to long term.
<b>Investment overview</b>	<ul style="list-style-type: none"> <li>The Fund is a high conviction, global equity portfolio of 15-45 shares managed by an experienced and aligned investment team. Our risk aware approach to portfolio construction utilises fundamental research to identify attractive investment opportunities.</li> <li>A structurally differentiated investment process produces additional sources of return to complement traditional capital gains and dividends. Helping insulate investors from market volatility and providing a consistent source of portfolio returns.</li> <li>A rigorous investment methodology centred on growing real wealth through the provision of superior risk adjusted returns. Capital growth and income generation aim to deliver a smoother return profile, participating in most of the market upside while reducing downside risk.</li> </ul>
<b>Feature</b>	<b>Benefit</b>
<b>Compelling Track Record</b>	Proven ability to capture the market's strength while insulating investors from periods of market weakness
<b>Multiple Sources of Return</b>	Additional drivers of return to help diversify risk and grow real wealth over time
<b>Quarterly Distributions</b>	A regular income stream that can be reinvested or credited directly to a bank account
<b>Global Diversification</b>	Global investment opportunities unavailable in the Australian market
<b>Genuine Partnership</b>	An investment team aligned with investors brings benefits which only come from genuine partnership
<b>Harnessing the Power of Compounding</b>	Just as Einstein described compounding as the most powerful force in the universe we apply the same principle to managing our clients wealth

- Long-term compounding of investor wealth
- Multiple sources of return
- Quarterly distributions
- Risk focused investment mindset
